Objectives & target audience

OBJECTIVES

01

Generate qualified leads

Secure 25 qualified conversations with operators in the WA basin (NWS, Browse, Carnarvon).

02

Re-engage existing clients

Host 3 informal client breakfasts during the event to support upcoming framework tender cycle.

03

Position the IRM service line

Launch the refreshed IRM capability statement; achieve 200+ collateral hand-outs over 3 days.

PRIMARY AUDIENCE

Operator integrity managers

WA-based oil & gas operators with offshore assets due for IRM cycles in 2026–27.

Subsea engineering managers

Decision-makers for ROV inspection and pipeline integrity scopes.

Procurement & supply chain

Framework agreement owners and sourcing leads for offshore services.

Tier-1 prime contractors

Potential JV and subcontract partners on large IRM campaigns.

Booth concept & key messages

KEY MESSAGES

"Local Perth crew, global standards"

Mobilise from Perth within 48 hours of call-off — backed by ISO-aligned QHSE systems.

"Data-led integrity outcomes"

Every inspection campaign paired with an integrity dashboard, not just a report PDF.

"Vessel and spread agnostic"

Right-size the asset to the scope; no pressure to use in-house vessels you don't need.
