

A campaign-fit brand system *in one page.*

Lightweight enough to be applied consistently across LinkedIn, email, and conference collateral by a small marketing team.

LOGOTYPE

Two-line wordmark with accent terminator.

The wordmark sits on two lines to allow a small horizontal footprint suitable for LinkedIn avatars (400 × 400 px) and email signatures. The coral mid-dot acts as a unique terminator — used as a stand-alone mark in tight spaces.

Clear space: 1× cap-height of "S" on all sides.

Min size: 22 mm wide print · 110 px digital.

COLOUR PALETTE

PRIMARY Deep Navy #0d2538 Pantone 539 C	ACCENT Signal Coral #e85d24 Pantone 165 C	BACKGROUND Paper Cream #faf7f2 Pantone Warm Grey 1	SUPPORT Steel Grey #6a7782 Pantone Cool Grey 8
--	--	---	---

Coral is reserved for accents and one CTA per surface. Navy is the dominant container colour. Cream is the default background for all owned-channel content. Steel grey is for metadata and secondary information only.

CAMPAIGN LAUNCH · WEEK 1

TONE OF VOICE

PRINCIPLE	WE SOUND LIKE	WE DON'T SOUND LIKE
Specific over general	"48 hrs from PO to deck"	<i>"Rapid mobilisation capability"</i>
Operator-eye, not sales	"Here's the question we wish you asked"	<i>"Industry-leading IRM solutions"</i>
Honest about limits	"Where the model breaks down"	<i>"Best-in-class · world-class"</i>
One thought per sentence	Short sentences. New paragraph.	<i>Comma-spliced corporate prose that runs on indefinitely.</i>

Paid amplification — *warm audience only.*

Sponsored placements that retarget LinkedIn engagers and newsletter openers in Weeks 9–11. No cold prospecting — paid budget is used to lift conversion on a warm audience already familiar with the campaign.

subsea IRM.

AOG
BOOTH F38

LinkedIn Sponsored: Retargeting only — audiences who engaged with any organic post in Weeks 1–8 OR opened any newsletter email. Budget cap \$4,200 / 3 weeks. Estimated frequency: 4.2 impressions per warm contact.

Google Display: Whitelist of 6 Australian energy publication sites (Energy News Bulletin, Australian Mining, Oil & Gas Australia, Petroleum Australia, AOG event domain, OffshoreAustralia.com.au). No open-web placements. Budget cap \$2,800.

Measurement: Both channels tagged with single-purpose campaign UTM; conversion event is calendar-booking click on the AOG landing page, not impression or click.
